MEMORANDUM FOR: Director of Basic and Geographic Intelligence

SUBJECT : Production

1. The following six-year production history for may be of interest to you:

25X1

	<u>Reports</u>	<u>IMP Sheets Researched</u>	<u>IMP Sheets Printed</u>
1963	98	326	254
1964	104	257	211
1965	121	305	265
1966	123	328	219
1967	147	191	331
1968 (est.)	200	225	410

2. One cannot generalize very much about the significance of these figures since they involve products whose manhour demands may vary widely. However, there is a clear relationship between the sharp increase of reports production in 1967 and 1968 (est.) and the decrease in IMP worksheets delivered from AMS. For comparison, total Division production in pre-IMP days (with a 25% smaller T/O) varied between 70 and 90 reports annually.
